

Adams County Established 150 Years Ago Sunday When Governor Approved Measure

Adams county was officially established 150 years tomorrow, January 22, 1800, when the then Governor Thomas McKean affixed his signature to the measure passed by the Pennsylvania legislature creating the county.

The new county was "carved" out of York county and named after President John Adams. The sesqui-centennial observance of the founding of the new county will be formally recognized by churches and fraternal and civic organizations tomorrow and other times during the year. The official observance will take place the latter part of August.

The Gettysburg Times publishes the legislative act creating the county as a public service to its readers and in recognition of the sesqui-centennial observance. The act follows:

Martin Harmon, Hunterstown Chairmaker, Has Been In Same Business For Past 63 Years

Martin Harmon, last survivor of the once thriving group of Hunterstown chairmakers, this year marked his 63rd anniversary in the making and selling of chairs.

The 77-year old craftsman specializes in rockers—both the big ones for formal furniture use and the little ones that make great Christmas gifts for little children.

He says the rockers are the most comfortable chair ever made. He says the design has not changed since he began making chairs as a youngster of 14 with his grandfather.

Standing in his shop, surrounded by chairs and parts of chairs, he recalls that once the chair-making industry thrived in Hunterstown. "Once chairs were made in nearly every home in Hunterstown. But now the old people who made the chairs have died off and none of the youngsters seem to want to get into the business," he added. None of his own sons have chosen to enter the chair manufacturing business.

At one time there were so many chairs being made in Hunterstown that Harmon had no time to make any for himself; he was too busy selling them.

Was Chair "Peddler"

The chairmakers used to sell their product to Deatrick's store in Hunterstown in trade for groceries, and in the spring Harmon would buy the chairs from the store and then "peddle them" all over the countryside, down into Maryland and the Virginias, and throughout Pennsylvania.

Some years he would sell 1800 or more chairs, traveling from door-to-door, he recalls. At one time, more than 40 years ago, he did his peddling with a horse and buggy. He recalls with pleasure a pair of western ponies he had. "They were just as good as a car," he said, "and could make 50 to 60 miles a day with ease."

Owned First Automobile

As the principal chair salesman for the Hunterstown community, he became the owner of the first automobile in Hunterstown.

Selling chairs permits, on occasion, more leisure than ordinary jobs, he confesses. This year he took 22 baby chairs to Baltimore, sold them and returned home by noon—then had the afternoon to spend hunting in the South Mountains.

But despite 60 years of experience in making and selling of chairs the Hunterstown man declares "I still don't like to sell. Sometimes I get only as far as Fairfield and then give up and come home. Then I try again a couple days later when I feel in a better mood."

MAY RELEASE "DORM" THIEF

Virginia has been put on notice to take formal action quickly against "the woman in white shoes" or Maryland is going to let her go, the Associated Press reported from Baltimore.

The "woman in white shoes" is Lillian M. Becker, 27-year-old Californian caught at Chestertown, in 1948 after a mystery woman had pilfered money, jewelry and clothing in raids on girls dormitories at colleges in Virginia, Maryland and Pennsylvania, including Gettysburg college.

Sentenced to a maximum of three years for thefts at Hood college at Frederick, she was given a commutation of sentence last month.

But the Commonwealth's attorney of Amherst county, Virginia, has a detainer against her at Maryland's Reformatory for Women. She cannot be released until Virginia extradites her or lifts the detainer. Several other states originally filed detainers. All but Virginia's have been lifted.

Judge Robert France, considering a writ of habeas corpus filed by an attorney for Mrs. Becker, said Friday if Virginia does not file extradition proceedings promptly he will grant her release.

The attorney advised the court that Virginia authorities had made no move to get an indictment against her.

TWO WORKERS ARE GRILLED IN BOSTON HOLDUP

Boston, Jan. 21 (AP)—Two Brink employees were subjected to lengthy questioning early today in separate police headquarters rooms by ace detectives investigating the \$1,500,000 holdup of the armored car company.

Deputy Police Superintendent James Daley identified the men as William E. Manter, 49, a maintenance department worker, and Gerard Pfaff, a guard.

Manter was picked up last night after police sounded an alarm that he had failed to report for work yesterday.

Pfaff was brought to headquarters several hours later.

Daley said that Pfaff was summoned to assist in questioning of Manter—but the men were placed in separate rooms and grilled individually.

The detectives moved back and forth between the two rooms but declined to give any definite information for the questioning.

One Is "Hazy"

Police grilled the men for several hours before quitting. The pair agreed to remain at police headquarters until later in the day. No charges have been placed against either.

One of the detectives said they were "going over the whole story again piece by piece."

Daley said Manter appeared in a daze and that his answers were "hazy."

The day after the holdup Manter reported to police that he sounded a buzzer at about the time of the holdup in an effort to gain access to the garage vaults of the company to see a fellow employee.

The buzzer went unanswered, he said, and he returned to his work.

Pfaff was one of five men in the vault room when the eight gunmen struck with commando-like speed last Tuesday night.

His eyeslasses were knocked off by one of the bandits before he and the others were taped and gagged by the desperados.

Manter was picked up by Waltham police short time after Boston authorities sent out a state alarm that he had been missing since 1:30 p. m. yesterday.

Absent from Work

The alarm went out after members of the Boston Bureau of Criminal Investigation had called at Manter's home to question him. They said he had not notified Brink's that he would be absent.

Police quoted members of his family as saying he had "just taken the day off from work." He has been employed by Brink's for 22 years.

Daley said that the man had been told to keep himself available during the probe.

Waltham police reported the man appeared to be "in a fog" and "a bit vague" about where he had been during the day.

Police disclosed last night that eight men—not seven—participated in the actual raid on the company's vaults in its sprawling garage in the teeming North End.

Photographic Group Elects In February

A nominating committee to report in February when the annual election of officers will be held was appointed at the January meeting of the Gettysburg Photographic society Friday evening at the home of Frank N. Hewetson, Biglerville.

Six prints were shown and first place was voted to a photograph shown by Dr. C. A. Sloan. Mr. Hewetson won second place and Mr. Garfinkle, third.

A new form for print judging was explained by Dr. Sloan and an Eastman kodachrome illustrated lecture was given by J. D. Kendle, Jr., and Mr. Hewetson. A traveling kodachrome show by the Mason-Dixon council of camera clubs of which Gettysburg is a member was shown and the local club added 19 of its own color slides to the show.

Warriors Trip Hanover 42-39 Before Big Crowd; Scrubs Bow

A near capacity crowd saw the Gettysburg high Warriors nose out Hanover high here Friday evening in a South Penn league game 42-39 in a contest which saw the lead change hands 17 times and in which the score was tied upon four occasions.

The Nighthawks gave the Warriors a stiff struggle throughout and the outcome was in doubt until the final whistle. Combining a pressing game with a zone-style of defense, the invaders showing surprising strength. Rhodes kept his team in the running with six long tosses, five of which came in the first half.

The lead saw-sawed several times in the opening minutes of the first period and then a pair of goals by Wendler and a long heave by Rhodes sent Hanover ahead 10-5 in the round. The Warriors spurred on a foul by Harriel, goal by Deardorff and another charity heave by Harriel before Seibert tallied to give Hanover a 12-9 lead at the quarter.

After Rhodes opened the second period with a long shot successive goals by Sachs, Harriel and Deardorff gave Gettysburg the lead at 15-14 after two and one-half minutes. Rhodes and Ford traded goals and Kuhn added another from underneath. Ford looped a foul. Wendler and Deardorff exchanged one-handers. After Harriel converted a free toss, goals by Rhodes, Wendler and again Rhodes put Hanover in front 24-23 at the half.

Spurt Into Lead
Again in the third quarter the lead saw-sawed back and forth several times but at the close a foul by Deardorff, goal and foul by Sachs, and a goal by Davis sent Gettysburg in front 35-34 going into the final round.

Leppo opened the final stanza with a pair of fouls before Ford connected on a long shot. Deardorff netted a free toss before Wendler made good on the second of two. Kuhn landed a one-hander and Rhodes made good from the charity line to make the count 40-38 with three minutes remaining.

Deardorff made good his fourth foul shot and a minute later Wendler duplicated. With a little over a minute remaining Deardorff was again fouled and converted. The Warriors stalled the remainder of the time with Leppo and Wendler blowing free shots in the last 30 seconds.

The victory marked the seventh in 12 starts for the Forney-men whose next home game will be with Shippensburg on January 31. Next week the locals play at Chambersburg on Tuesday and at Delone on Friday.

Sports Roundup

By HUGH FULLERTON, Jr.
New York, Jan. 21 (AP)—Pro basketball addicts are really worked up about the Syracuse Nats, a team which has no stickout stars like George Mikan or Alex Groza, but which apparently has forgotten how to lose. . . . It's a slick ball-handling outfit with only a couple of "flag-poles" and they'll tell you that speed and spirit are the real reasons why the Nats win. "They act like a bunch of college sophomores," one observer says, "and Al Cervi never stops talking basketball." . . . The club has been averaging about 5,000 a game attendance, playing seven miles out of town, and that's quite a feat when pro teams in Chicago and smaller mid-western basketball hotbeds are finding the sledding rough.

WHAT CAN YOU SPEC?
Bob Pelaz, youngest of three sensational basketball-playing brothers to attend Alderson-Broadthous college in West Virginia, had a bad night against Salem recently. . . . He scored only seven points and decided he might be having trouble seeing the basket. . . . So the next day Bob went to a doctor to have his eyes examined. . . . The doc put him through the tests, wrote out a prescription for "spectacles, then asked curiously: "Just who in the world led you in here?"

SORTSPOURRI
Branch Rickey, who originated the combine of baseball and agriculture, argues that a farm system should be just large enough to accommodate all the players under contract. . . . "The smaller the organization, the less headaches and expense," he explains. . . . Rickey's difficulty, it seems, is that when he thinks everything is compactly lined up, a subordinate comes up with 30 more names and he has to take on another club. . . . Tab Harold Kopp, Yale line coach, as the new head football coach at the University of Connecticut—even though they say Harvard's Art Valpey visiting around there the other day. . . . Yale also is said to be the destination of Henry Thresher, the Mercesburg, Pa., Academy sprint sensation. . . . Competition Tough For Indoor Mills

Philadelphia, Jan. 21 (AP)—A reluctant miler and an Irishman who relishes the distance, figure to join with Wisconsin's Don Gehrmann in furnishing plenty of zest to the mile competition during the current indoor track season.

Fred Wilt, the Federal Bureau of Investigation agent who would much rather run two miles or even further, finds himself in the position where track promoters are clamoring for him to meet Gehrmann and John Barry, the fleet Irish champion.

Wilt and Barry hooked up at the mile in the Inquirer meet last night at Convention Hall. The FBI agent came out the winner by nine yards in meet record time of 4:11.8. But he still insisted he would rather run longer distances. He is the national champion at 5,000 and 10,000 meters and cross country.

Barry, himself, beat the old Inquirer meet clocking of 4:14 with 4:12.9. That was more than a second faster than the green-clad Irishman had figured on running.

Minnesota, "land of ten thousand lakes," actually has more than 11,000.

Boiling Springs high kept its Adams County league record clean by topping New Oxford 39-16 on the latter's floor Friday evening for its fourth win in as many starts.

The Bubblers, paced by Fishel with 14 points, rolled to a 23-8 lead in the first half and blanked New Oxford in the third period.

Biglerville kept at the heels of the league-leaders by topping Newville, 40-28 on the Cannons' court. Coach Gene Haas' outfit led the whole way through a well-balanced attack, making good use of the foul line where 14 conversions were made.

The Newville reserves humbled the Cannons scrubs in the opening game 28-18.

East Berlin evened its league record by handling Littlestown its fifth straight loop loss, 45-25, at East Berlin. The winners held a comfortable lead from start to finish.

JR. HI CAGERS JOLT HANOVER; SCRUBS BEATEN

Gettysburg junior high's undefeated varsity cage team kept its record intact by winning from the previously unbeaten Hanover junior high lads Friday evening at Hanover.

Coach Roger Herr's varsity played one of its best games in defeating the much bigger Falcon team 23-18. Skinner was the only Gettysburg player who matched his opponent for size.

After trailing at half time 11-7, the local outfit kept scrapping away and pulled the game from the fire in the closing seconds. With the score deadlocked at 18-18 and a little over two minutes remaining, Bender netted a foul to break the tie and Fissel clinched the game with a pair of goals in the closing minute.

All of the regulars put up a fine game for the winners.

The Jayvee team also played a fine game in dropping its initial game in the preliminary affair 25-23. As the varsity tilt, the scrubs were forced to concede a height advantage to their opponents and but for a slow start in the first quarter might have won.

On Tuesday the junior high teams will meet Biglerville here.

Play Draft Plan Pro Grid Problem

Philadelphia, Jan. 21 (AP)—How to solve the complex player draft is the major problem before embattled National-American Football league owners today.

The 73 owners awarded slant Leon Hart, Notre Dame All-American lineman, to Detroit late last night. Then they spent four fruitless hours trying to decide how to apportion the rest of the 1949 college grid talent.

Commissioner Bert Bell said the owners are hopelessly deadlocked and then facetiously remarked that they would give it the "old college try" again today.

Sauer Takes Over At Baylor University

Waco, Texas, Jan. 21 (AP)—Baylor university's troubles that brought a 100 per cent turnover in athletic leadership were at an end today as big George Sauer, one of football's greats, stepped in to guide the destinies of the Golden Bears.

The former Kansas and Navy coach, expressing great enthusiasm over his prospects and declaring that "if hard work will get the job done we'll have a champion," became head coach and athletic director with a five-year contract last night.

Dr. W. R. White, key man in straightening out the tangle that brought confusion and bitterness and threatened to halt the greatest gridiron era of the Bears, announced dramatically at the annual football banquet that Sauer, who quit his Navy job in protest over the firing of two assistant coaches, would succeed Bob Woodruff as coach and also would put aside the dissension that swept out the athletic director by hoisting both jobs.

Welter Title Fight Planned For Chicago

Chicago, Jan. 21 (AP)—A welter-weight championship showdown between Ike Williams, lightweight king, and Sugar Ray Robinson, the 147-pound titleholder, is in the making for Chicago stadium this spring.

James D. Norris, president of the International Boxing club, said he will "make every effort" to sign the two.

Norris' decision came after the I. B. C.'s most successful venture in Chicago stadium since the club took over stadium boxing shows last October. A crowd of 11,535 paid \$44,072.32 last night to watch Johnny "Honeyboy" Bratton of Chicago enter the ring against Buzz Saw Williams. They got their money's worth.

Williams, scaling 143 pounds to Bratton's 146, moved into contention with a smashing technical knockout of the Chicagoan in the eighth round of a scheduled 10. It was the third time Williams had defeated Bratton.

An early measurement was the "hand,"—the distance across the palm—and is still used in determining the height of horses.

Martin Harmon

(Continued from Page 1)

with his grandfather, Henry Harmon, who was also a horse, but who decided one day he would go into the chair-making business. He built a shop and started in.

Harmon points to the lathe used to turn parts of the chairs. "At first there was a long treadle and a couple of girls or children would work the treadle and thus work the lathe. It took a couple of pretty husky youngsters to do the job. Later on we used a horse, attached to a rod, which through a flywheel and belt arrangement provided power for the lathe. Blind horses were the best, they were content to walk around and around a circle all day. But other horses had to be led, and some youngster had to do the leading.

"I remember one horse, a mare, that my grandfather bought. She was scared when he hooked her up, and she took the thing around about right, running as fast as she could and as long as she could. Of course she was hitched in and couldn't get out, but you should have seen her whirling around there thinking she was running away."

Harmon now works in a shop he constructed about seven years ago when he returned to Hunterstown to reside, but for a long time he

followed the custom of having his business at his home.

When he moved from Hunterstown, a number of years ago, he lived in homes on the Gettysburg battlefield, near Cashtown, York and various other places. On each change of residence he took his equipment with him, and set up shop at his new home.

Most of the wood he uses comes off the South Mountains; and most chairs are made in the winter-time—with summer being the best time to travel and sell from door-to-door. The rockers, he says, make excellent porch furniture as well as being usable indoors.

Another son, Allen, has been employed by the National Park office here for a similar period. Robert J., is employed in an industrial plant in York. His daughter, Mrs. William Miller, lives in the Stallsmith apartments, Center square.

WHEN PROOF WILL COUNT
You may call it a minor motor accident, but you'll have to prove you are good for \$11,000—when the new law goes into effect (applies to non-residents, too). Cash or bond will do it. So will Harleyville's noted all-feature liability policy—there's nothing finer for the law's requirements, and for your peace-of-mind. For extra, you get the backing of a company that's for you in time of trouble.
